

As smart as needed
as simple as possible.

The new emporiaCONNECT.

The emporiaCONNECT offers all key mobile functions. The elegant flip-phone design is not only stylish but also makes it easy to make and receive calls. And users will also find it easy to capture and share photos, find their bearings, and add contacts. In line with the emporia philosophy, it does away with any features that overcomplicate things: It's the first truly smart mobile phone. Naturally it boasts the emporia emergency call system.

Simplify your communication.®
